

# TNG

**Unique Management System  
designed for your business needs**

## **SPA AND FITNESS CENTERS**

---

TNG is a state of the art, easy to use tool that helps you manage all your wellness operations in one system. Optimize your resource occupancy with our smart booking system and set individual targets, commission levels to motivate your employees.

All services, products and subscriptions are easily managed and controlled: from individual reservations, through sport classes to complex subscriptions and booking series.

TNG provides all that is needed - so you can focus on your guests.

## **HOTELS**

---

TNG is used in several departments of a hotel. TNG is integrated with all your main systems: PMS, POS, back office and stock control.

Sharing guest profiles and packages including services across departments, TNG fits right in as a complete spa management system.

TNG is able to cover local and centralized loyalty management for your hotel and restaurants.

Managing meals for staff in canteen and with clients was never so easy. TNG helps you control the consumption by providing different accounts to suit all purposes.

## **RESTAURANTS**

---

Keep an up to date client database and recognise your guests by their profile displayed on POS. Give them the bonuses and discounts they deserve, based on their membership level or with gift cards. Your clients can check their account online via personal cabinet.

## **ENTERTAINMENT COMPLEX**

---

TNG is ideal for large complexes, where clients can rely on the safety of cashless payment and use magnetic cards or RFID bracelets for purchases.

Integration with access control system allows the management of entries and exits in the various areas of your establishment.

## LOYALTY

---

**Several options allow you to manage your client memberships:**

- Detailed and customisable client data base and CRM system
- Various card levels with automatic upgrades based on conditions defined
- Bonus and discount management by rules simply set for exact calculation of complex allowances and restrictions
- Account management for deposit, discount and bonus points

## ONLINE AND MOBILE

---

**Increase your revenue with online presence:**

- Online booking and payment of treatments
- Personal cabinet to access members' account balance and transaction history
- Mobile application for your guests\*
- Use TNG on any device: tablet, mobile, etc.\*

## CENTRAL SOLUTION

---

**Manage your properties centrally:**

- Single database for all customer profiles which allows guests to collect and spend points across properties
- Instant data exchange makes sure you have the same information available wherever you are, even with low speed connection
- Easily include new properties

## BI REPORTING

---

**Oracle Business Intelligence Reporting allows TNG to create reports on anything you want to measure.**

- All data is accessible and can be reported as standard statistics, graphs, charts to make sure you have the best overview
- Wide range of standard and easily customizable reports
- Create your own reports with a simple tool
